

POWERED ^{by} PERSONALITY

What powers me at work?

50% Shaping the future of payments

45% Touching the lives of millions

5% Laughing at my own jokes

Thomas, Merchant Partnership Manager

nets

Power an easier tomorrow for all of us

At Nets, we chase the payment solutions of tomorrow by exploring concepts like biometric payments, AI and blockchain. A European leader in payment technologies, we develop and deliver classic payment products like Dankort, BankAxept, Paytrail and DIBS. Providing the foundations for growth and progress in commerce and in society, we are trusted by 240 banks and over 300,000 merchant customers, handling transactions from more than 35 million cards annually.

"Knowing that the decisions my team and our merchant partners make have direct impact on millions of people is incredibly motivating."

Thomas, Merchant Partnership Manager

Power your career on our ambitious growth journey

Working for Nets, you'll power your career in technology, business or corporate services as you become part of our exciting, international growth journey. Backed by ambitious owners who understand our industry, we have the foundation to succeed. And as our business grows, so will your opportunities for growing your career and developing your skills, as you work closely with other subject matter experts and strong personalities on projects that matter. Together, we will explore new ways of merging our existing products, new technologies and commercial opportunities into new products for a high-paced, high-impact market.

POWERED ^{by} PERSONALITY

It takes strong personalities to change the future of payments.
