nets

Power and easier tomorrow for all of us with a European PayTech

At Nets, we shape the payment solutions of tomorrow by exploring concepts like biometric payments, AI and Voice assistant. A European leader in payment technologies, we develop and deliver classical payment product like Dankort, BankAxept, Paytrail and DIBS. Providing the foundations for growth and progress in commerce and in society, we are trusted by 250 banks and powering more than 700 merchant outlets. We are a part of Nexi Group - a leading European PayTech. Do you want to power your talent within technology, business or corporate services with us?

"Working with highly skilled colleagues turning complex reality into easy and customer friendly solutions, that is what motivates me"

Shakil, Checkout & Processing, IT

Power your career on our ambitious growth journey

Working at Nets, you'll be challenged to develop your talent and aim higher every day in a supportive, international and informal team culture. Learning and growing alongside skilled and open-minded colleagues and leaders, you'll be given the opportunity to take responsibility from the start. We expect you to aim high, because we depend on your ideas, expertise, passion and personality to co-create products and solutions to power an easier tomorrow for every citizen, bank, business and colleague.

POWERED ^{by} PERSONALITY

It takes strong personalities to change the future of payments.
