By sending this detailspecification you order a certification/verification of your solution. Please observe that you will receive an invoice from Nets covering the verification/certification-test. The price will be in accordance with the price list on www.nets.eu, unless otherwise agreed.

The price is subject to the condition, that the test be performed without finding any failures in the solution. If failures are found, the extra time for test will be invoiced according to the current price list on www.nets.eu.

If the test is taking place at other premises than Nets' in Ballerup, all transportation cost and transportation hours will be invoiced as well, according to the current price list on www.nets.eu.

Nets Terminal Test Specification
