Kitemark™ Certificate

No. ETS 072

On the request of Nets Branch Norway AS (hereafter referred to as: Nets), the annual certification audit on all areas and processes was performed by BSI Group The Netherlands B.V. (John M. Keynesplein 9, 1066 EP Amsterdam, The Netherlands).

The certification audit covered all applicable requirements from the audit criteria listed below (see "Audit Information") and are defined in Nets Statement of Applicability, dated October 20, 2022 and the Overview of Applicability, dated October 19, 2022.

The scope of the assessment comprised the provision of the following Trust Service component:

- "Registration Service" (partial): Remote identity proofing of trust service subjects by "Nets' Identity Verification Service "Nets Passport Reader", supporting the ETSI TS 119461 Use Case for Unattended remote identity proofing (9.2.3): "Automated operation" (9.2.3.4)"

The Trust Service component is partly performed by subcontractors under the final responsibility of Nets.

The Trust Service component is provided to (qualified) Trust Service Providers.

The Trust Service component is being provided for the following qualified trust services as defined in Regulation (EU) 910/2014 (eIDAS):

- Provision of qualified certificates for electronic signatures (qualified trust service)
- Provision of qualified certificates for electronic seals (qualified trust service)
- Provision of qualified certificates for website authentication (qualified trust service)

The Trust Service component practices are described in the following document:

- Nets - Trust Service Practice Statement (TSPS) & Identity Proofing Service Practice Statement (IPSPS) for the Identity Verification Service Nets Passport Reader, version 1.1, 14 January 2022

Our annual certification audit was performed in October 2022. Based on the objective evidence collected during the certification audit for the period from 15 October 2021 through 31 August 2022:

- we conclude that the areas assessed during the audit were generally found to be effective, based on the applicable requirements defined in Nets' Statement of Applicability, dated October 20, 2022 and the Overview of Applicability, dated October 19, 2022.
- we confirm that the following identification method provides equivalent assurance in terms of reliability to physical presence, pursuant to Regulation (EU) 910/2014 (eIDAS) art. 24.1 sub d, for the Trust Services component (and Identity Proofing Context) covered by this Certificate of Conformity:
"Nets Identity Verification Service "Nets Passport Reader", supporting the ETSI TS 119461 Use Case for Unattended remote identity proofing (9.2.3): "Automated operation" (9.2.3.4)".
